# Jerrycan Reinforced (JCR)

## Sustainable Packaging

### OVERVIEW

- ✓ Light-weight packaging without compromising on product performance.
- ✓ Multiple weights and UN approvals available to meet various product and industry requirements.
- ✓ Available using mono-layer or multi-layer technologies.
- ✓ Customisation available including specialty colours and logos.
- ✓ Additives for barrier protection against permeation available.
- ✓ Multiple neck dimensions and closing options including blind or vented caps, dispensers, child-proof and sealable closures.
- ✓ Available from 5 litres (1 gallon) to 25 litres (7 gallons).

### Solution for Various Industries

Suitable for many industries such as: food, flavours and fragrances, detergents, lubricants, specialty chemicals, paint and agrochemicals.

### Supports Sustainability Goals

It is also available as part of the EcoBalance™ line produced using a percentage of post-consumer recycled resin (PCR), which can reduce CO<sub>2</sub> emission by up to 45%.

### Anti-Glug Feature

Anti-glug vent system integrated in the handle to allow a smoother and cleaner emptying of the jerrycan.
