Ro-Con[®] is Designed Specifically for Optimum Space Utilization in Storage, in Transit, During Handling, Full or Empty

OVERVIEW

- ✓ Ro-Con[®] fibre drums are a durable space-saving transport container. Whether you're interested in automated filling, handling, warehousing and/or shipping, Ro-Con[®] offers an efficient, cost-effective alternative to conventional fibre drums having metal components.
- ✓ Ro-Con[®] is perfect for trailer or ocean container transport and saves on shipping costs. The design is great for stacking while keeping tare weight and cubage low. On average, a filled unit can be shipped at less cost per pound of product than conventional fibre drums without pallets.
- ✓ More than twice as many empty drums per truckload when you nest them. Close-nesting of two Ro-Con[®] drums of the same size allows you to ship two drums in the space of one and un-nesting is quick and easy.
- ✓ Features and benefits: used for dry or solid materials; can be UN certified for hazardous materials; comes in a variety of sizes; unique shape saves space and makes it easy for handling; telescoping cover means added stability for maximized stacking strength; rounded corners facilitate rolling; low tare weight and cubage reduce shipping costs
- ✓ Design is ideal for automated handling; makes great storage container for the end user; natural look is organic and appealing for displaying in retail; easily disposed of—100% recyclable.

Diameters: 9¹/₁₆", 11¹/₄"**, 12¹/₄"**,
14"**, 14¹/₂"**, 15"**, 17"**, 18"**, 20"**,
21¹/₂".

3¹/₂ gallons to 55 gallons.

Weight constructions: 60 lb.,
115 lb.**, 150 lb.**, 225 lb.**,**
300 lb.**, 400 lb.**
