214 Litre Open Head Plastic Drum with Handles, a Snap-On Cover
and a Lock Band

OVERVIEW

- ✓ Using fewer raw materials, this drum weighs 14% less than traditional drums.
- ✓ Optimised pallet utilisation due to the faceted design.
- ✓ Four exterior moulded handles offer improved handling characteristics.
- ✓ These drums are produced with less HDPE (high-density polyethylene) while maintaining the same high performance.
- ✓ 214 litre capacity.
- ✓ Snap-on cover with 8 clips for securement to the drum.

- ✓ UV protection of contents to allow the storage of the container in spaces exposed to sunlight.
- ✓ ISO 9001: 2008 certified quality management system.
