Automatic Unloading

Designed to Meet Your Needs

OVERVIEW

- ✓ Available only in specific regions.
- ✓ Fully-automated system for unloading individual drums.
- ✓ Adapted to your storage or transportation preference (ex. semi-trailors).
- ✓ Robots used to unload freight (ex. trailers, swap bodies, Greif Express, etc.).
- ✓ Automatic unloading of Greif Express containers for narrow spaces.
- ✓ Fully- or semi-automated system for depalletizing steel drums.
- ✓ Make it easy on yourself by asking Greif to test and establish your system. Stock management is also available through VMI contract.

Safe & Easy

No more manual handling, let the machine do it for you!

Fast & Cost-Effective

Able to unload up to 400 drums per hour, without any manual labor.

Customized

Systems are tailored to your specific needs.
