

**RystadEnergy**

# Investors Solution

Obtain access to our powerful research services combined into one complete platform through multiple content delivery methods, helping you make timely, data-driven investment decisions

## Introduction

---

### Whether you are an investor

interested in the full energy spectrum or focused on a specific segment, like renewables, we can create a customized solution for your needs utilizing Rystad Energy's Investor Solution.

---

**Your research needs** are market-driven and a solution that allows you to focus in (or out) of certain industry segments helps you to make timely, data-driven investment decisions.

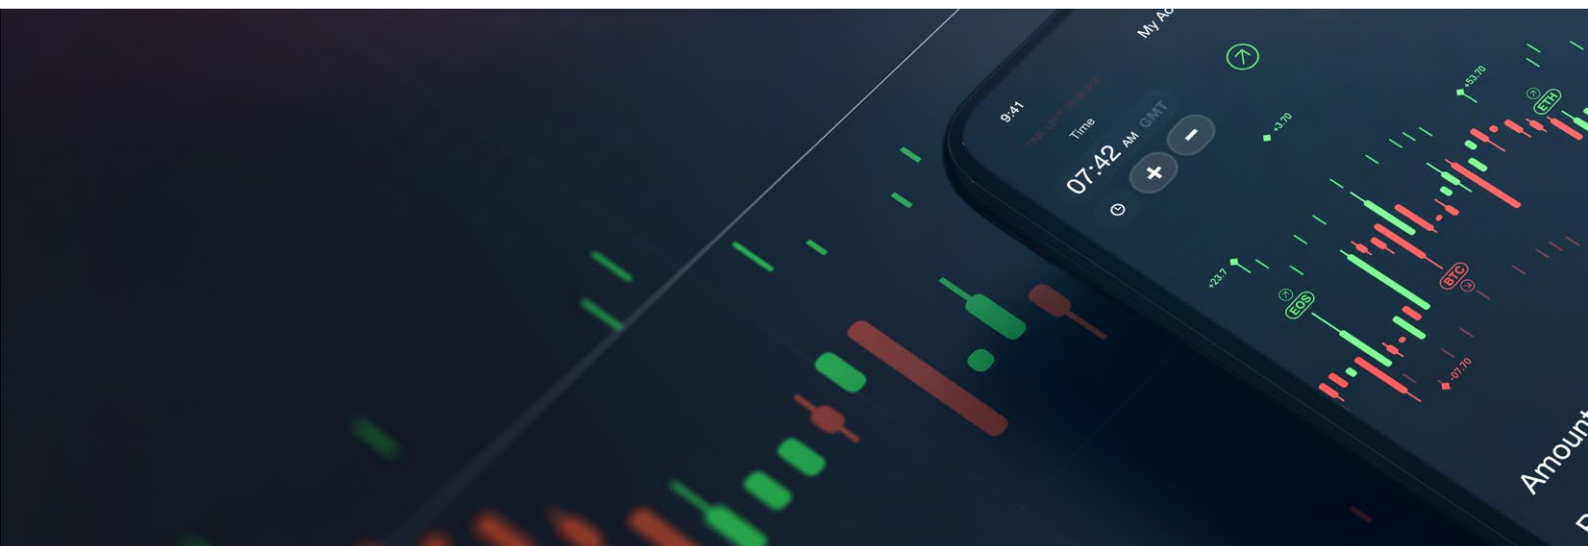

Investor Solution combines our powerful research services into one complete platform through multiple content delivery methods.

---

### View quick market snapshots

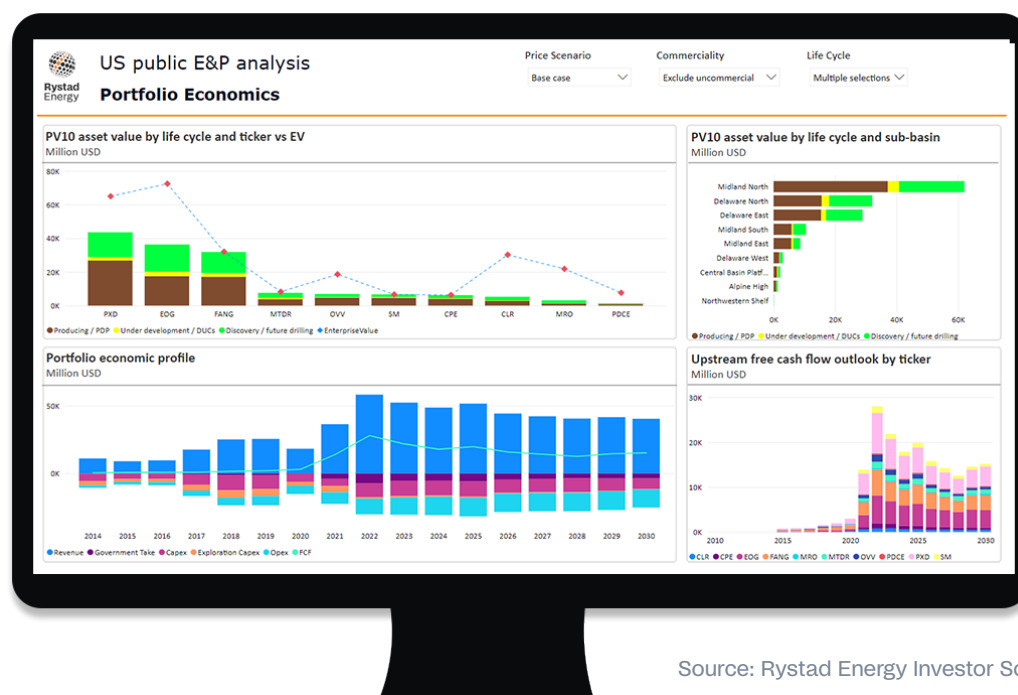

with reports, commentaries, and webinars or dive deep into the data for analysis of the global upstream, oil and gas, energy services, or renewable industries.

We offer direct access to our in-house experts to gain additional context and thematic insights around the projects and topics that matter most to you.
